

Dixons Teaching Institute Professional Development

Leading Learning

For teachers beyond their RQT year wanting to develop their knowledge and understanding of pedagogy and how to support others.

This programme will share a love of learning and equip you with skills to influence teaching outside your own classroom.

Twilight sessions will be informed by evidence and include:

- what makes most impact in the classroom?
- how to develop your responsive teaching
- effective collaboration, effective communication
- lesson observation and giving feedback on learning
- supporting trainees, other members of staff and yourself.
