TRUST
CONFERENCE 2026
**EXPLORING THE
DIXONS DIFFERENCE**
#DixonsTogether

Welcome

We are delighted to be welcoming you to our Trust Conference 2026.

Each year our conference affords us the opportunity to come together, in person, with all members of Team Dixons. What a powerful symbol of our trust highlighting the importance of our collective endeavour. This year is no different and it is wholly appropriate that our theme is our mission: our universal shared purpose, our compass. How do we operationalise our mission through the Dixons Difference?

We all make the Dixons Difference every day, individually and collectively, by doing our best to support our mission to challenge disadvantage in the North. At our conference we will delve into what we think the Dixons Difference is and what it means to us.

The day has been planned to bring us all together, to focus on educational and associate priorities, to take time out to reflect on the reality of disadvantage, and for us all to spotlight one aspect of our work to develop.

Finally, we know the power of self-determination to motivate us and have therefore designed our conference with our three drivers in mind:

Mastery: we learn and grow professionally.

Autonomy: we develop our own mental models of our mission, of disadvantage and of what makes the Dixons Difference. We make choices over how we will spend time in our day. We have agency to take learning forward personally and back to our teams.

Purpose: this is our shared mission, and by connecting in this way our motivation is multiplied.

Enjoy the day and use it to make a difference.
